

Child and Adolescent Psychiatrist, Norway

We are currently seeking dedicated child and adolescent psychiatrists who are eager to relocate to Scandinavia. If you are passionate about providing high-quality psychiatric care to young patients, this opportunity could be the perfect fit for you.

Why choose Scandinavia?

Scandinavia offers a healthcare system known for its excellence and commitment to patient care. As a Child and Adolescent Psychiatrist, you'll benefit from ample time with each patient, allowing for a thorough and compassionate approach that is essential for treating young individuals.

Professional requirements:

Valid European authorisation and specialist certification as a Child and Adolescent Psychiatrist.

Capability to independently manage a wide range of patients and diagnoses.

Ideal candidate profile:

A strong desire to live and work in Scandinavia, bringing your family along for this new adventure.

An open-minded attitude, ready to embrace new experiences while taking on the responsibility of completing a language course to secure your license and specialist approval from the Ministry of Health and Welfare.

A collaborative spirit, valuing the input and contributions of all team members, regardless of their professional background.

Resilience under pressure, recognising that emigration is a significant life change, but one that comes with great rewards.

What we offer:

Access to professional headhunters committed to finding the ideal position for you.

Collaboration with reliable and well-established local partners.

A free, tailored language course conducted online to fit your schedule.

Full support throughout the entire recruitment process.

Personalised information and guidance to assist you at every step.

Flexible and transparent cooperation agreements.

Assistance with travel arrangements, housing, schools, kindergartens, and more to ensure a smooth transition for you and your family.

Continuous follow-up and support from the beginning to the successful conclusion of your move.
