

Consultant Physician Endocrinology and Diabetes Mellitus, Ireland

Location: Wexford

Salary: €238'221 - €286'151 p/a

We are seeking an ambitious and patient-focused Consultant Physician in Endocrinology and Diabetes Mellitus to join a dedicated multidisciplinary team delivering high-quality specialist and general medical care.

Key Responsibilities:

Provide expert assessment, diagnosis, and management of patients with endocrine and metabolic disorders in both inpatient and outpatient settings. Deliver specialist diabetes care, including the management of Type 1 and Type 2 diabetes, diabetes technologies, and complex diabetic complications. Manage a broad range of endocrine conditions, including thyroid disorders, adrenal disease, pituitary disorders, osteoporosis, metabolic bone disease, and reproductive endocrinology conditions.

Work closely with diabetes specialist nurses, dietitians, podiatrists, pharmacists, and other healthcare professionals to deliver integrated patient care.

Participate in the General Internal Medicine (GIM) on-call rota, where applicable.

Contribute to the development of diabetes and endocrinology services, including integrated and community-based care pathways.

Participate in clinical governance, audit, quality improvement, and service development initiatives.

Provide teaching, training, and supervision to junior doctors, medical students, and multidisciplinary team members.

Requirements:

Specialist registration (or eligibility for specialist registration) in Endocrinology and Diabetes Mellitus.

Strong experience in managing a broad range of endocrine and diabetes-related conditions.

Excellent communication, leadership, and multidisciplinary teamwork skills.

Commitment to delivering high-quality patient care, education, and continuous service improvement.

Interest in service development, innovation, and integrated care models.

What we Offer:

The current Consultant salary scale ranges from €238,221 to €286,151 for a 37-hour week, with any additional work paid separately.

€12,000 annual CPD funding.

€8,000 annual innovation funding.

Generous annual leave and study leave entitlement.

Access to the public pension scheme.
Supportive multidisciplinary working environment.
Opportunities for teaching, research, and service development.
Excellent work-life balance and career progression opportunities.
The opportunity to play a key role in developing and enhancing
endocrinology and diabetes services within a growing healthcare setting.
