

Consultant in Haematology, Ireland

Location: Sligo

Salary: €235862 - €283318 p/a

We are currently seeking a Consultant Haematologist to join a dynamic and well-established team within a busy acute hospital setting in Ireland. This is a dual role combining both laboratory haematology and clinical care, offering a varied and rewarding workload.

The successful candidate will play a key role in delivering a comprehensive haematology service across both diagnostic laboratory services and outpatient/inpatient clinical care. This position offers an excellent balance between clinical practice and laboratory oversight.

What's on offer:

Competitive salary ranging from €235,862 to €283,318 per annum, based on a 37-hour working week (equivalent to approximately €11,000-€13,000 net per month), with on-call payments paid in addition

Additional earning potential of €30,000-€40,000+ per year through extra sessions and overtime

€12,000 annual allowance for professional development and educational leave

€8,000 innovation fund to support service development and research initiatives

Full support with registration through the Irish Medical Council

Comprehensive relocation package for you and your family

Requirements:

Specialist qualification in Haematology

Combined experience in laboratory and clinical haematology

Eligible for or in the process of IMC Specialist Registration

Fluent in English
