

Consultant Physician in Stroke Medicine, Ireland

We are currently recruiting Consultant Physicians in Stroke Medicine for multiple hospitals across Ireland.

These roles are ideal for UK-trained Stroke Consultants looking for:

A better work–life balance

Strong MDT support

Opportunities to shape and develop stroke services

Competitive consultant-level earnings

The Role:

You will join an established Acute Stroke Service providing:

Hyperacute & acute stroke care

Thrombolysis services (and thrombectomy pathways where applicable)

Stroke ward management

TIA clinics

Post-stroke follow-up and secondary prevention

Participation in audit, governance & service development

Most posts include a combination of:

Acute Stroke

General Internal Medicine (where required)

On-call commitment (varies by site)

Requirements:

Full registration (or eligibility) with the Irish Medical Council

CCT in Stroke Medicine and Internal Medicine

Significant experience in acute stroke management

Salary & Benefits:

HSE Consultant Salary Scale 235,862 - 283,318 euros per year to work 37 hours per week, any extra hours are paid on top of that.

30 days annual leave

10 days bank holidays

Generous CPD allowance

Relocation support

Pension scheme
