

Endocrinologist, Norway

We are recruiting on behalf of a hospital in Western Norway and are currently looking for a specialist in endocrinology for a permanent consultant position in the department of internal medicine.

This is an exciting opportunity for a motivated endocrinologist who would like to help develop and strengthen the endocrinology services in the region, working closely with experienced colleagues across several internal medicine specialties.

About the department:

The internal medicine department provides a broad range of services and holds group 2 training positions in cardiology, gastroenterology, nephrology and pulmonology. The department includes:

- 41 inpatient beds

- A dialysis unit

- 4 monitored beds

- An active and well-established outpatient clinic

As a consultant endocrinologist, you will be responsible for the assessment and follow-up of patients with endocrine disorders, both in outpatient and inpatient settings. The role includes collaboration across disciplines and involvement in professional development within a supportive and knowledgeable team.

Qualifications:

- Authorization to practice as a medical doctor within the EU

- EU certification in endocrinology

- Structured and collaborative work style

- Commitment to quality and professional development

- Proficiency in English and motivation to learn Norwegian, supported by our free Norwegian language school

- Approved TB test

The hospital offers:

- A stimulating role with opportunities to shape and grow the endocrinology services

- Skilled colleagues and excellent interdisciplinary collaboration

- Competitive salary and pension scheme

- Professional development and continuing education

- About the hospital

The hospital is part of the Western Norway Regional Health Authority and serves a wide and varied population in the region. You will join a modern

hospital with a strong commitment to quality, patient safety, and continuous improvement – all within a welcoming and inclusive working environment.

Location:

The hospital is located in a scenic town in Western Norway, surrounded by fjords, mountains and beautiful nature. The area offers a peaceful lifestyle with easy access to outdoor activities such as hiking, skiing and water activities – as well as good schools, family-friendly infrastructure and a vibrant local community. Whether you are relocating alone or with family, this is a safe and supportive place to settle down.

Benefits:

Ongoing support from a dedicated personal advisor before, during, and after employment

Assistance with obtaining Norwegian authorization and any necessary specialist approvals

Support with accommodation and travel arrangements, including family relocation

Access to a free language course with a private tutor online
