ENT/Otolaryngology Specialist, Finland

Join a long-term ENT position on a beautiful Swedish-speaking island belonging to Finland, located between Sweden and mainland Finland. The island offers a peaceful, family-friendly environment with about 30,000 inhabitants, clean sea air, and an exceptional work-life balance.

Role overview:
A clinical, on-site specialist ENT position with broad responsibility for both adult and pediatric patients. The work environment is supportive, well-equipped, and designed for stable professional development.

Requirements:
EU-recognized specialist certification in ENT/Otolaryngology
Minimum 3 years of post-specialization experience
Broad independent competence, including pediatric ENT
Experience with routine and complex ENT diagnostics and surgery
Strong communication and teamwork skills
Willingness to learn Swedish

Clinical scope and workload:
Approximately 10 outpatient visits per day.
Most common diagnoses are benign otologic, rhinologic, and throat conditions.
No thyroid cases. Malignancies are referred to mainland university hospitals.
Approximately 50% of patients have an audiological diagnosis.
Typical surgical procedures include tonsillectomy, tympanostomy tube insertion, septoplasty, and FESS.
Facial surgery for cutaneous malignancies is performed.
No on-call duties.
Operating theatre time 1–2 days per week.

Work conditions:
Competitive salary in euros, adjusted individually by experience
Standard working hours: 38–38.5 hours/week
Excellent work environment in a calm, scenic location
Regular professional development opportunities

What the hospital offers:
Stimulating clinical work in a safe, tranquil island setting
Supportive team and high-quality working conditions
Strong focus on work-life balance

We offer:
Dedicated recruiter support before, during, and after relocation

Full relocation assistance: accommodation, travel, family support, school applications
Free personalized Swedish language training (4–6 hours/week, online with tutor)
Assistance with documentation and practical matters
Fully arranged study visit to the clinic and local area, including travel and accommodation.
