

Gastric Surgeon, Norway

The hospital is part of a dynamic healthcare organization in Western Norway. The surgical department includes several senior positions and is supported by a multidisciplinary team providing high-quality care. The department handles a wide range of surgical cases and is committed to continuous professional development and innovation.

Responsibilities:

Perform advanced surgical interventions for gastric and bowel-related diseases and traumas, including cholecystectomies, hernia repairs (both open and laparoscopic), colectomies and ostomies, hemorrhoidectomies, fundoplication and other surgeries related to the gastric system.

Provide outpatient and inpatient care in collaboration with the surgical and multidisciplinary teams.

Participate in on-call duties within the department.

Supervise and mentor resident doctors and medical students.

Contribute to the development of the department's surgical practices and protocols.

Qualifications:

Authorization to practice as a medical doctor within the EU.

EU certification as a general surgeon with specialization in gastric surgery.

Experience in gastric and bowel surgeries, including trauma management.

Proficiency in English and motivation to learn Norwegian, supported by our free language course.

The hospital offers:

Competitive salary in accordance with national agreements.

Attractive pension and insurance schemes.

A stimulating and supportive work environment with opportunities for professional growth.

Access to research opportunities and professional development programs.

About the location:

The hospital is situated in Møre og Romsdal, in a vibrant and growing city known for its cultural richness, excellent educational facilities and modern amenities. This urban hub is surrounded by the region's renowned natural beauty, including fjords, mountains and coastal scenery. Residents enjoy year-round outdoor activities such as hiking, skiing and fishing, while the city itself offers a lively atmosphere with restaurants, cafes and cultural events. Strong transport connections make it easily accessible, creating an ideal balance between urban living and proximity to nature.

Benefits:

Ongoing support from a dedicated personal advisor before, during, and after employment.

Assistance with obtaining Norwegian medical authorization and any necessary specialist approvals.

Support with accommodation and travel arrangements, including family relocation.

Access to a free Norwegian language course with a private tutor online.
