

Gastroenterologist, Sweden

We welcome both specialists who wish to work broadly within gastroenterology and those who prefer to focus primarily on endoscopic procedures.

The roles can be adapted depending on your professional interests and experience.

Opportunities include:

Outpatient clinic work only

Combined outpatient and inpatient care

Clinical work with a strong emphasis on endoscopy

You will work in a structured hospital setting with access to modern diagnostic tools and established clinical routines.

Collaboration with internal medicine, surgery, radiology, and pathology is an integral part of the work.

What we offer:

Ongoing support from a dedicated recruiter before, during, and after your employment.

Assistance with obtaining Swedish authorization and specialist approvals, if required.

Help with accommodation and travel arrangements, including support for your family, if necessary.

Access to a free language course with a private tutor via Teams/Skype.

Qualifications:

EU-recognized specialist certification in gastroenterology

Experience in clinical gastroenterology; endoscopy experience is an advantage

Good communication skills in English

Willingness to learn Swedish
