

## **General Practitioner, Sweden**

3-5 District doctors/general practitioners for primary care in a beautiful region.

We are looking for candidates in Hagfors, Munkfors, and Likenäs.

### *We offer to you:*

Mentorship or professional guidance from an experienced colleague

Regular opportunities for professional development

Workplaces that support good health and wellness allowances.

### *Terms of employment:*

This Region applies individual salary setting.

The starting salary for a specialist in general medicine at these health centres is SEK 84,500

before tax (immediately after residency without experience).

### *These documents must be included the in the presentation:*

CV Personal letter

Information about the accompanying persons.

Partner's occupation

After opening the bids, the employer will review the candidates and call them in for a Teams interview. Candidates who proceed in the process will be invited to visit the relevant healthcare centre in person and will receive information about how we can help with relocation, as well as information about what it is like to live in the area. Visits to preschools/schools can be arranged if necessary.
