

Internal medicine specialist, Sweden

Are you an experienced internal medicine specialist looking to contribute to a high-quality healthcare environment? Hospital in Central Sweden is seeking skilled professionals to join a dynamic team, where patient-centred care, innovation and collaboration are key to providing world-class healthcare.

About the hospital:

The hospital is a modern acute care facility in Central Sweden, providing 24-hour services across a wide range of specialties, including medicine, surgery, orthopaedics, urology, gynaecology, anaesthesia, radiology and more. The hospital's approach is patient-centric, working from the vision of creating a facility where the staff themselves would want to be treated. With specialised departments like intensive care, palliative care and dialysis, the hospital strives to meet the diverse healthcare needs of its patients.

We are looking for someone who:

Holds an EU-recognised specialist certification in internal medicine.

Has experience managing both routine and complex medical cases, including acute care.

Possesses a collaborative attitude and strong communication skills in English, with a willingness to learn Swedish.

If you have additional sub-specialisation in fields such as cardiology, rheumatology or nephrology, the hospital is also interested in hearing from you.

What the hospital offers:

At least 25 vacation days per year, with paid vacation from day one for new employees.

More vacation days are offered than required by law.

Opportunities for continuous learning and development in your daily work.

Comprehensive benefits and insurance packages to ensure financial security throughout your career.

Flexible working hours.

What we offer:

Ongoing support from a recruiter before, during, and after your employment.

Assistance with obtaining Swedish authorisation and specialist approvals, if required.

Help with accommodation and travel arrangements, including support for your family if necessary.

Access to a free language course with a private tutor via Teams/Skype.
