

## **Neurologist, Sweden**

Are you an experienced neurologist looking for excellent work-life balance and a rewarding career in Sweden? We are recruiting neurologists to a modern, patient-focused hospital.

### *What we offer:*

- Permanent position at one of Sweden's largest district hospitals
- Competitive specialist salary
- Free Swedish language training to C1 level
- Comprehensive 6-month introduction program
- Complete relocation support: housing, legitimation, integration
- Modern facilities with multidisciplinary collaboration
- Excellent work-life balance: Monday-Friday daytime schedule
- Standard on-call rotation (not during introduction period)

### *The position:*

Provide specialist care for diverse neurological conditions including stroke, epilepsy, migraine, and neuromuscular diseases. Work in a supportive team environment with experienced colleagues at a hospital known for welcoming international physicians.

### *Requirements:*

- Medical degree from EU/EEA OR 3+ years experience in an EU-country
- Specialist in Neurology
- Broad experience within neurology
- Swedish language C1 level (we provide free training!)
- Driver's license (B) preferred

### *About the location:*

Beautiful mid-sized Swedish town (34,000 inhabitants) in southern Sweden. Named Sweden's Outdoor Recreation Municipality and Culture Municipality in 2023. Excellent quality of life with good schools, cultural activities, and stunning nature.

### *To Apply:*
