

Neuroradiologist, Sweden

Are you a skilled neuroradiologist looking for an exciting career opportunity in Sweden? A leading hospital in central/southern Sweden is seeking specialists in neuroradiology to join a highly specialised and innovative radiology department.

About the role:

As a neuroradiologist, you will play a vital role in providing advanced diagnostics using MR and CT technologies for both acute and chronic conditions of the central and peripheral nervous systems, as well as ENT regions. You will also participate in multidisciplinary conferences, clinical rounds, and mentor residents.

Experience with neck ultrasound is considered a plus but is not mandatory. This is a unique chance to join a forward-thinking team that values collaboration, research, and professional development in a supportive environment.

Requirements:

Holds an EU-recognised specialist certification in neuroradiology or radiology.

Strong communication skills in English and a willingness to learn Swedish.

A team-oriented and proactive mindset, with a commitment to continuous learning.

Why Central/Southern Sweden?

Central and southern Sweden offer the perfect balance of urban living and natural beauty. This region is known for its vibrant city life, rich cultural experiences, and picturesque coastal landscapes.

The area is home to a thriving international community, with excellent schools, efficient public transport, and a wide range of family-friendly activities. Its coastal location provides opportunities for sailing, hiking, and exploring nearby archipelagos, while the city's lively atmosphere includes cultural events, concerts, and a flourishing culinary scene.

With a strong focus on sustainability and innovation, this region is ideal for professionals seeking career growth and a fulfilling lifestyle.

What we offer:

Ongoing support from a dedicated recruiter before, during, and after your employment.

Assistance with obtaining Swedish authorisation and specialist approvals, if required.

Help with accommodation and travel arrangements, including support for your family, if necessary.

Access to a free language course with a private tutor via Teams/Skype.
