

Nurse, Norway

On behalf of municipalities in the Vestland region in Western Norway, we are recruiting registered nurses for permanent full-time positions within local healthcare services. Vestland is a well-known region on Norway's west coast, famous for its fjords, mountains and beautiful coastline. The municipalities have a continuous need for qualified nurses in both home care services and nursing homes, where you will play an important role in providing safe and reliable care to patients of all ages.

These positions offer a stable job, a meaningful everyday working life and good opportunities for professional development within the Norwegian public healthcare system. You will work in well-organised teams that focus on cooperation, clear routines and high professional standards.

Your responsibilities:

Clinical nursing in home care, nursing homes or assisted living facilities
Observation, assessment, medication management and accurate documentation
Follow-up of patients with diverse medical conditions and functional levels
Collaboration with relatives, coordinating units and external partners
Interdisciplinary cooperation with doctors, therapists and other health professionals
Contributing to service development, improvement work and quality assurance
Most of the available roles are within core municipal services, particularly home nursing and long-term care. Here, you will play a key role in the daily follow-up of patients, whether providing support in their homes or offering comprehensive care in an institutional setting.

Depending on your background and interests, you may also be considered for roles in other municipal healthcare services, such as assisted living facilities, public health clinics or GP practices. This gives you the opportunity to grow in different directions and contribute where your skills are most valuable.

We are looking for nurses who:

Hold a valid license as a nurse from an EU/EEA country
Is motivated to obtain Norwegian authorisation (we assist with the process)
Speak fluent English and are highly motivated to learn Norwegian
Are willing to complete our free Norwegian language course
Feel confident in their clinical skills and can manage varied and unpredictable situations
Work well both independently and as part of a team
Holds a driver's license (preferred)

We offer:

A full-time permanent position in the Norwegian public healthcare system
Competitive salary and working conditions
A supportive work environment that values cooperation and professional confidence
Opportunities for further development and specialisation
Free online Norwegian language course with a private teacher

Relocation assistance and help with housing

Personal follow-up throughout the recruitment and relocation process

Vestland is a region shaped by fjords, mountains and a long coastline, where nature is a natural part of everyday life. People live in smaller towns and communities with short distances and a calm, well-organised pace of life. The surroundings offer easy access to outdoor activities all year round, without being far from modern services and infrastructure. Life in Vestland is steady, safe and well suited for those who prefer a simpler and more balanced way of living.
