

## **Ophthalmologist, Sweden**

We are currently seeking an ophthalmologist for a well-functioning and forward-thinking clinic in southwest Sweden. You'll work in a supportive and stimulating environment, with a wide patient base and the opportunity to contribute your expertise to a team that values quality, collaboration, and medical excellence.

### *The clinic's focus areas include:*

General ophthalmology

Paediatric ophthalmology

Diagnosis and follow-up of diabetic retinopathy

Glaucoma management and chronic eye care

Neurological and inflammatory eye conditions

Cataract assessments and the possibility of performing cataract surgery if qualified

The clinic is known for its strong team spirit, low staff turnover, and well-structured collaboration between physicians, optometrists, nurses, and support staff.

### *Your role:*

As a specialist in ophthalmology, your responsibilities will include:

Diagnosing, treating, and following up on a wide range of eye conditions

Collaborating actively with other healthcare professionals in the team

Supervising and mentoring residents

Contributing to the development of clinical practices and care processes

### *Qualifications:*

EU-recognised specialist certification in ophthalmology

Minimum of two years of experience as a specialist

Good communication skills in English and a willingness to learn Swedish

Ability to work both independently and collaboratively in a team

Strong interpersonal skills and a patient-focused approach

### *What we offer:*

Ongoing support from a dedicated recruiter before, during, and after your employment

Assistance with obtaining Swedish authorisation and specialist approvals, if required

Help with accommodation and travel arrangements, including support for your family, if necessary

Access to a free language course with a private tutor via Teams/Skype

Take the next step in your career

This is an excellent opportunity for an ophthalmologist who wants to grow professionally while enjoying a high quality of life.
