

Orthopaedic Spine Surgeon, Ireland

Location: Cork

Salary: €224437 - €269594 p/a

We're working with a leading private hospital in Cork, Ireland, to help them find their next Orthopaedic Spine Surgeon.

What's the Role All About?

As an Orthopaedic Spine Surgeon in this cutting-edge private hospital, you'll deliver world-class care for patients with spinal disorders and injuries. Your role will involve elective and emergency surgeries, developing personalised treatment plans, and collaborating with a talented multidisciplinary team. With access to advanced technologies and exceptional facilities, you'll have everything you need to thrive in your specialty and achieve the best outcomes for your patients.

Requirements:

Full Specialist Registration (or eligibility) with the Irish Medical Council (IMC).

Fellowship in Orthopaedic Spine Surgery.

2+ years of post-fellowship experience preferred.

Strong commitment to patient safety and clinical excellence.

Why Cork?

Ireland's second city, Cork, offers a unique blend of vibrant urban life and breathtaking natural surroundings. From its bustling cultural scene to its world-famous culinary delights and scenic coastline, Cork provides an unmatched quality of life for professionals and families alike.
