Orthopaedic Surgeon, Sweden

We are continuously interested in connecting with Orthopaedic Surgeons who are open to exploring professional opportunities in Sweden.

The Role:
As a specialist in orthopaedics, you will work in a modern hospital environment alongside multidisciplinary teams focused on high-quality patient care. The clinical work typically includes both elective orthopaedic surgery and acute trauma care, depending on the structure of the department.

Common responsibilities include:
Assessment and treatment of musculoskeletal disorders and injuries
Elective orthopaedic procedures depending on experience and subspecialty
Participation in trauma and emergency orthopaedic care
Outpatient consultations and follow-up care
Collaboration with physiotherapists, radiologists, and other medical specialists
Participation in clinical development and quality improvement work
Hospitals in this region often manage a broad orthopaedic case mix, offering opportunities to work with both common orthopaedic conditions and more complex cases.

Location and Lifestyle:
The opportunities are located in a region of central Sweden known for its coastal landscapes, forests, rivers, and open countryside. The area offers excellent access to nature and outdoor activities year-round, including hiking, fishing, skiing, and boating.

Daily life is practical and well-organized. Cities in this region offer short commuting distances, accessible housing, and well-developed public services. Schools, childcare, and healthcare services are easily available, making the region suitable both for individuals relocating alone and for physicians moving with their families.

The lifestyle combines a calm environment with reliable infrastructure and convenient travel connections to larger Swedish cities.

Qualifications:
EU-recognized specialist certification in Orthopaedics
Solid clinical experience in orthopaedic practice
Experience in trauma care and elective orthopaedic procedures is beneficial
Ability to work independently while collaborating in multidisciplinary teams
Good communication skills in English

Willingness to learn Swedish

We offer:
Ongoing support from a dedicated recruiter before, during, and after your employment
Assistance with obtaining Swedish authorization and specialist approvals, if required
Help with accommodation and travel arrangements, including support for your family, if necessary
Access to a free language course with a private tutor.
