Orthopedic Surgeon, Norway

We are currently hiring an experienced orthopedic surgeon for a permanent position at a hospital in a small, charming town near the coast of Norway.

You will join an ambitious, collegial and professionally stimulating department with a strong focus on teamwork, professional development and high-quality patient care.

The department:
The orthopedic department is part of a surgical clinic and has a high level of activity in both emergency and elective surgery. The department has expertise in several areas, including joint replacement surgery, spinal surgery, hand and foot surgery, arthroscopic surgery, trauma surgery and the treatment of orthopedic infections.

There are opportunities for both general orthopedic surgeons and subspecialists. The department values professional development, clinical variety and the opportunity to have some influence over your own working day.

The position:
As an orthopedic surgeon, you will work in a varied and challenging role that includes:
Outpatient clinics, surgery and ward rounds
Participation in the department's on-call rotation
Supervision and guidance of doctors in specialist training and medical students
Contributing to professional development within the department, including internal teaching
You will be part of a close-knit and supportive team that values collaboration, open communication and a positive working environment. Despite being a smaller hospital, there is a strong focus on keeping professionally up to date and developing the department and the specialty.

Qualifications:
Medical licence and specialist approval from an EU country
Specialist competence in orthopedic surgery
Strong communication skills and a willingness to learn Norwegian
Norwegian language proficiency at B2 level before starting work

We support you with:
Obtaining Norwegian medical authorisation
Obtaining Norwegian specialist approval
A free Norwegian language course with a private online tutor

You will begin the language programme after a successful match has been established. Our goal is to help you reach the required B2 level in Norwegian before you start working in the position.

We offer:
A permanent position in a supportive, ambitious and professionally strong working environment
Varied and meaningful work in a department with a high level of clinical activity
Opportunities for professional development and sub-specialisation
Salary in accordance with the applicable collective agreement
Membership of the KLP pension scheme
An inclusive working environment where teamwork and competence development are highly valued

Life outside work:
The hospital is located in a small, charming town near the coast of Norway, surrounded by beautiful nature and outdoor activities. The area offers excellent opportunities for hiking, fishing and hunting, and you can enjoy an active lifestyle close to both nature and a welcoming local community.
