

## **Paediatric Cardiologist, Sweden**

There is currently a growing need for specialist doctors in Scandinavian countries, especially in Sweden, and cardiology is one of those required specialities. This demand is set to increase in the upcoming future.

Cardiovascular disease is the most common cause of death and has the highest costs for drug treatment in Sweden.

*Before you apply, please go through the list of requirements below:*

to have medical specialisation in paediatric cardiology;

to be an EU citizen or have long-term residency in any of the EU member countries.

If you are not an EU citizen and/or your title are not from EU countries:

Your title must be recognised in any of the EU member countries.

You must have worked at least 3 years in any of the EU member countries after your title had been recognised.

*To Apply:*

Please send your CV mentioning reference SW-135 at [info@phd-jobs.net](mailto:info@phd-jobs.net)
