

## **Paediatric Cardiology Consultant, Ireland**

**Salary:** €233527 - €280513 per annum

We are looking for a Consultant Paediatric Cardiologist to join our team in Limerick.

*Role:*

Provide expert care for children with congenital and acquired heart disease, including complex cases, arrhythmias, and heart failure.

Lead outpatient clinics and manage inpatient cardiology care.

Perform echocardiography, cardiac imaging, and support catheter lab procedures.

Participate in the on-call cardiology rota and provide advice to paediatric colleagues across the region.

Collaborate with multi-disciplinary teams, including surgeons, intensivists, and nursing staff.

Contribute to service development, quality improvement, and teaching initiatives.

*Requirements:*

Eligible for specialist registration in Paediatrics with the Medical Council of Ireland.

At least two years' experience in paediatric cardiology

*To Apply:*
