

## **Paediatric Emergency Medicine Consultant, Ireland**

**Location:** Drogheda, Louth

**Salary:** €226681 - €272290 per annum

We are seeking a dedicated Consultant in Paediatric Emergency Medicine to join our team at Our Lady of Lourdes Hospital, Drogheda. This role combines clinical excellence with leadership, focusing on delivering high-quality, patient-centred care for children in a busy Emergency Department.

### **Key Responsibilities:**

**Clinical Leadership:** Supervise and support the Paediatric Emergency team, including Non-Consultant Hospital Doctors (NCHDs), ensuring a positive, collaborative environment.

**Patient Care:** Provide expert, evidence-based emergency care for paediatric patients, ensuring timely treatment and excellent outcomes.

**Service Planning:** Contribute to the Paediatric Emergency Department's development and performance as part of the Clinical Directorate Service Plan, aligning with hospital goals and national healthcare policies.

**Quality & Safety:** Lead quality improvement initiatives, audits, and risk management activities to maintain high standards of patient care and safety.

**Collaboration:** Work with hospital management to implement changes in healthcare delivery, ensuring the best possible paediatric emergency services.

### **Qualifications:**

Proven experience as a Consultant in Paediatric Emergency Medicine. 2+ years desirable (1yr Paediatric Emergency Experience)

Eligibility to register with the Irish Medical Council (IMC) under the Specialist Registration.

Strong leadership and communication skills, with a commitment to patient safety and continuous improvement.

Hours: 37 per week
