

Psychiatrist, Norway

We are currently looking for motivated psychiatrists, preferably with some years of experience. Are you interested in moving to Scandinavia?

Healthcare in Scandinavia is characterised with a high general competence, and generously dedicated time for each patient.

Professional requirements:

European authorisation and specialist approval as a psychiatrist.

Being able to handle a broad variety of patients with a big variety of diagnosis unsupervised.

Personality:

You have a genuine interest and thrive to work and live in Scandinavia with your family.

You have a humble approach to new experiences at the same time as you are ready to take a big responsibility to fulfil projects, such as completing the language course in order to apply for license and specialist approval from the Ministry of Health and Welfare.

You are able to work in a team where all members, no matter what professional background, are equally important.

You are able to handle situations of stress well since emigration is a big step – but a rewarding one!

We offer:

Professional headhunters.

Partnership with solid local partners.

Free language course, done via Skype.

Professional support during the whole recruitment process.

Information customised to you.

Flexible and fair cooperation.

Help with travel, accommodation, schools, kindergartens, and more.

Follow up from start, during to the end of the process.
