

Pulmonologist, Norway

The Department of Medicine at Volda Hospital comprises 10 senior physicians, specialising in areas such as gastroenterology, cardiology, endocrinology, geriatrics, haematology and pulmonology. The department also has 19 positions for resident doctors. The hospital offers modern equipment and a robust professional environment emphasising patient safety and high-quality care.

About the position:

Your primary responsibilities will include diagnosing and treating patients with lung diseases such as asthma, COPD, lung cancer and other respiratory conditions. You will also supervise and mentor resident doctors, actively participating in the interdisciplinary work of the hospital. Volda Hospital values collaboration, professional development and quality assurance as part of its daily operations.

Volda:

Located in the heart of Sunnmøre, Volda is surrounded by stunning natural beauty, including fjords, mountains and lakes. The area is perfect for outdoor enthusiasts, offering activities such as hiking, skiing and kayaking. The town has a vibrant community with a rich cultural life, active businesses and excellent schools. Volda University College also attracts students and professionals, fostering a dynamic atmosphere. Additionally, Volda is well connected, with short distances to larger cities like Ålesund and Ørsta and direct flights to Bergen and Oslo via Ørsta-Volda Airport.

Responsibilities:

Diagnose and treat various lung diseases, including asthma, COPD, and lung cancer.
Supervise and guide resident doctors (LIS).
Participate in interdisciplinary collaboration on patient care.
Contribute to professional development and quality assurance initiatives.

Qualifications:

European authorisation and specialist approval as a pulmonologist.
Experience in hospital-based clinical practice.
Experience in treating lung cancer.
Fluency in English and a willingness to learn Norwegian (language courses will be provided).

Personal attributes:

Strong commitment to professional development.
Excellent communication and teamwork skills.
Organised and solution-oriented.
Positive contributor to a collaborative work environment.

We offer:

A stimulating position in a strong and supportive professional environment.
Opportunities for continued education and professional growth.
Competitive salary and excellent pension and insurance schemes.
Ongoing support from a dedicated recruiter before, during, and after your employment.
Assistance with obtaining Norwegian authorisation and specialist approvals, if required.
Help with accommodation and travel arrangements, including support for your family, if necessary.

Access to a free language course with a private tutor via Teams/Skype.
The chance to live and work in one of Norway's most stunning regions.

About Helse Møre og Romsdal HF:

Volda Hospital is part of Helse Møre og Romsdal HF, one of Norway's largest health trusts, responsible for specialised healthcare services to the population of Møre og Romsdal County. The trust operates four hospitals – Ålesund, Molde, Kristiansund and Volda – offering high-quality medical services across a broad range of specialties. Helse Møre og Romsdal HF's mission is to provide care characterised by high competence, quality and compassion for patients. Volda Hospital plays a key role in the region, serving over 50,000 inhabitants.
