

## **Specialist General and Geriatric Psychiatry, Denmark**

You will work at the Psychiatric Hospital in Central Jutland, in Gødstrup or Horsens. The hospital provides attractive working conditions, professional development, and a better work-life balance. Horsens lies on the coast of the Horsens Fjord, 50 km from Aarhus, the second largest city in the country. Gødstrup is located near the city of Herning, Central Region of Denmark.

This is a unique opportunity, as the language course will take place in Denmark as part of your 37-hour workweeks. You'll begin with online Danish lessons before relocating, but you'll initially rely on English as you transition. The real progress will happen once you've settled in Denmark. As you advance in your studies, you'll be gradually integrated into the working environment, allowing you to gain valuable hands-on experience even during the learning phase already.

Join a diverse team of international colleagues who have successfully relocated with our support. Follow in their footsteps and seize this opportunity—apply before the deadline expires!
