

Specialist Internal Medicine

We are currently looking for European specialists in internal medicine with subspecialisation in cardiology, endocrinology or pulmonology, who seek new challenges, professionally as well as personally. If you are looking for stable surroundings, attractive working conditions, possibilities for professional development, a better work-life balance and a future life in one of Europe's top welfare states, in Scandinavia, this opportunity might be just what you have been looking for.

The department of internal medicine is a highly specialised department. It offers a large number of examinations and operations. It can receive patients of all ages.

Cooperation and development is highly valued at the department. In order to strengthen development, doctors, nurses, secretaries and other employees are offered a great amount of further education. In addition, the department of internal medicine has students within almost all of the specialised professions.
