

## **Specialist in medical microbiology, Norway**

Trøndelag in central Norway is known for urban highlights, historical sights, and coastal life mixed with world-class food experiences. The area is perfect for activities like hiking, skiing, cycling, and fishing.

Join a friendly and collaborative work environment with skilled colleagues, offering excellent professional development opportunities. The microbiology section is responsible for microbiological diagnostics for both hospitals in North-Trøndelag. The hospital, located centrally in Levanger, provides fantastic recreational opportunities year-round.

Levanger boasts good public transportation, situated approximately 45 km from Trondheim Airport, Værnes.

### **Key responsibilities:**

Provide medical expertise in various areas of microbiological diagnostics.

Participate in regional and national professional networks.

Contribute to the development of medical microbiology in North-Trøndelag through interdisciplinary collaboration.

Attend internal and external meetings on strategy and professional assessments.

Train, guide, and provide internal education to biomedical scientists and medical residents.

Emphasise research and development.

Ensure adherence to infection control, reporting procedures, resistance monitoring, and antibiotic use.

### **Qualifications:**

Specialist in medical microbiology.

Medical license and specialist approval from an EU country.

Professionally updated.

Strong data skills.

Good communication skills in English, and motivated to learn Norwegian

Personal qualities:

Initiative and enthusiasm for new challenges.

Detail-oriented and professionally interested.

Solution-oriented, adaptable and independent.

Excellent communication and collaboration skills with patients and colleagues.

Ability to comprehend overall contexts, prioritise according to the department's and North-Trøndelag's needs and goals.

Structured and efficient work style, both in a team and independently.

Service-oriented and approachable.

Ability to engage others.

### **We offer:**

Competitive salary.

Inclusive and friendly work environment with occasional social events.

Excellent welfare benefits, including a company sports club.

Training for new hires through an individual training plan.

Exciting and diverse work in a fast-paced environment.

Group life insurance and accident insurance.

Professional headhunters dedicated to your success.

Free language course done with a private tutor online.

Assistance with relocation, including accommodation, schools, kindergartens, and more.
