

## **Specialist Occupational Medicine Doctor, Ireland**

*Location:* Cork

*Salary:* €100'000 - €160'000 p/a

A superb opportunity has arisen in Cork City for a Specialist Occupational Physician OR a Specialist GP with LFOM to join a progressive and well-established Occupational Health service in a permanent full-time position. This role offers the opportunity to work within a highly supportive clinical environment delivering the full range of Occupational Health services as part of an experienced multidisciplinary team.

*The position would suit either:*

An established Specialist Occupational Health Physician seeking a long-term role in Ireland

OR

A Specialist General Practitioner with LFOM who is interested in developing a career in Occupational Medicine

*What's on offer:*

Permanent full-time position

Excellent work-life balance

Supportive and collaborative clinical team

Strong peer support and mentorship

Career progression opportunities

Exposure to a broad and varied Occupational Health caseload

Opportunity to further develop expertise in Occupational Medicine

For GPs interested in transitioning into Occupational Medicine, structured support is available, including:

On-the-job mentoring

Supported training pathways

Academic course opportunities for the right candidate

*Requirements:*

Specialist Registration with the Irish Medical Council in Occupational Medicine

OR

Specialist GP qualification with LFOM or equivalent experience/qualification  
Candidates relocating from overseas must be eligible for Irish Medical Council registration.

Cork offers an exceptional quality of life with a vibrant city atmosphere, excellent schools, an international airport, and easy access to coastline and countryside – making this a fantastic opportunity both professionally and personally.
