

## **Specialist psychiatry, Sweden**

**High Quality of Life:** Sweden is known for its exceptional standard of living, clean environment, and beautiful nature. From modern cities to peaceful countryside, there's something for everyone.

**Work-Life Balance:** Sweden places a strong emphasis on work-life balance, offering flexible work arrangements and generous parental leave.

**Progressive Healthcare System:** Sweden's healthcare system provides a great environment for medical professionals to focus on delivering the best patient care, with ample resources and time dedicated to each patient.

**Safety and Stability:** Ranked among the safest countries in the world, Sweden offers a secure place for professionals and their families to live and thrive.

### **Requirements:**

EU-recognised certification or licensure as a psychiatrist.

Strong communication skills in English and a willingness to learn Swedish.

Ability to work effectively within a multidisciplinary team and provide excellent patient care.

### **What we offer:**

Ongoing support from a dedicated recruiter before, during, and after your relocation.

Assistance with obtaining Swedish authorisation and additional training, if necessary.

Help with accommodation and travel arrangements, including support for your family, if required.

Free language course with a private tutor to help you learn Swedish.

Guidance through the entire relocation process, including cultural integration.
