

Specialist Urology, Denmark

You will work in a Danish hospital with stable surroundings, attractive working conditions, possibilities for professional development, a better work-life balance and a future life and career in one of Europe's top welfare states, in Scandinavia.

The department of urology is a highly specialised department. It offers a large number of examinations and operations. It can receive patients of all ages who have problems related to the urinary tract.

Cooperation and development is highly valued at the department. In order to strengthen development, doctors, nurses, secretaries and other employees are offered a great amount of further education. In addition, the department of urology has students within almost all of the specialised professions.

Apply now if you are:

Specialised in Urology

Experienced in routine urological healthcare

Interested in benign urological disorders as the main job function

Interested in research and teaching

Motivated to live and work abroad
