£37548 - £70018

Vibrant City location  
Major Teaching Hospital  
State of the Art facilities  
Outstanding Reputation

### Job Summary

To provide medical support to the units treating oncology outpatients with chemotherapy, oncology patients attending the unscheduled care unit, oncology inpatient wards, chemotherapy clinics and outpatient clinics.

The post-holder will undertake a range of clinical duties across oncology services, dependent on the needs of the service. There will be opportunities for working alongside Consultant teams in chemotherapy clinics, while ensuring that there is medical support available to provide an assessment and treatment service for patients who become unwell while having SACT, those who experience a reaction to SACT and those who attend for assessment of complications of SACT, having made contact with the 24/7 Chemotherapy Telephone Helpline.

### Main Duties / Responsibilities:

The post-holder will work under the direction of the Consultants in Oncology.

The post-holder will be required to:

- \* Work as an active member of the inter-disciplinary team, assessing and developing patient treatment plans and ensuring safe and therapeutic management of patients receiving SACT.
- \* Look after the routine medical care of patients in the unit including the co-ordination of appropriate investigations for inpatients and liaison with other medical departments as necessary.
- \* Review chemotherapy patients / those with side effects of SACT
- \* Prescribe SACT
- \* Provide medical support to consultant SACT and review clinics
- \* Participate in ward rounds with the inter-disciplinary team.
- \* Attend Specialist Clinics under Consultant supervision.
- \* Liaise where necessary with other agencies providing services for people with cancer, such as community & social services, external stakeholders.
- \* Be responsible for the proper delegation to and training of staff working under his/her supervision
- \* To participate actively in the teaching of undergraduate and postgraduate students
- \* To ensure that skills and expertise are maintained that by means of continuing medical education.
- \* The Trust is committed to fully resourcing nationally agreed CME requirements to facilitate this.
- \* To undertake administrative duties associated with the care of his/her patients and the running of the department in conjunction with colleagues
- \* Work within the Trust's framework for Clinical Governance
- \* Undertake regular appraisal with a named Clinical Supervisor
- \* Participate in relevant audit programmes.
- \* Participate in the Revalidation Process
