

## **Trauma Surgery Consultant, Ireland**

*Location:* Dublin

*Salary:* €233527 - €280513 p/a

The Mater Misericordiae University Hospital is a tertiary referral and teaching hospital in Dublin, providing a comprehensive range of acute and specialist services at local, regional, and national levels. The hospital has 745 inpatient beds, 225 day beds, and 16 operating theatres, supporting high-acuity and complex surgical care.

The Mater is a Major Trauma Centre and a national referral centre for specialised services including trauma surgery, oncology, transplant surgery, cardiology, and complex general surgery. It is affiliated with University College Dublin and has a strong commitment to education, training, clinical research, and audit.

### **Trauma & General Surgery at The Mater**

The Trauma and General Surgery service manages a high volume of emergency and elective surgical cases, including major trauma, abdominal emergencies, soft tissue infections, gastrointestinal emergencies, and complex general surgical conditions.

As a Major Trauma Centre, the unit provides 24/7 consultant-led trauma care, working closely with emergency medicine, orthopaedics, anaesthesia, ICU, radiology, and specialist nursing teams. The service is actively involved in trauma governance, audit, and service development at a national level.

### **Role Overview:**

The Mater is seeking a Consultant Trauma & General Surgeon to join its dynamic surgical team. The role includes delivering high-quality trauma and emergency general surgery care, participating in elective general surgery, contributing to multidisciplinary trauma management, and supporting ongoing service development, teaching, and research.

### **Key Responsibilities:**

Deliver consultant-level trauma and emergency general surgical care for acutely unwell and injured patients.

Manage elective and emergency general surgery cases, including gastrointestinal and abdominal emergencies.

Participate in major trauma call rotas and provide senior clinical decision-making in emergency settings.

Attend outpatient clinics, ward rounds, trauma meetings, and multidisciplinary team meetings.

Contribute to trauma governance, audit, quality improvement, and service development initiatives.

Teach and supervise medical students, surgical trainees, and other healthcare professionals.

Provide clinical leadership within the Trauma & General Surgery service.

*Essential Requirements:*

Eligible for Specialist Registration with the Irish Medical Council.

Demonstrated experience in trauma surgery and general surgery at consultant level.

Strong commitment to multidisciplinary working, teaching, and clinical governance.

*To Apply:*
