

## **Child and Adolescent Psychiatrist, Denmark**

You will work in a well-equipped, expanding hospital department in Denmark's public healthcare sector. The department expects you to have an interest in the development of child and adolescent psychiatry and to take active responsibility for the assessment, diagnosis, and treatment of the patients.

Furthermore, they expect you to be involved in the department and contribute positively to the continued development of a good working environment to secure the best possible outcome for the patients and their families.

### ***What can you expect:***

Permanent contract

€ 120'000 minimum yearly salary (including pension benefits)

A possibility to apply for the tax scheme of key researchers

37 hour working week

6 weeks paid holiday

Free intensive online language course for you and suitably for your family

Monthly € 1000 settlement assistance during the course

A free trip to Denmark prior to the language course, where you will have the opportunity to visit your future workplace and living area

Support in integration, in authorisation and administrative processes, in finding kindergarten, school, flat, house

Relocation assistance and spouse employment assistance

And much more

### ***Requirements:***

Specialised in Child and Adolescent Psychiatry

Experienced and interested in diagnosing and treating children, and adolescents, and helping their relatives

Interested in taking part in developing services and treatments within the Department

Motivated to live and work abroad

Proficient in spoken and written English
