

Clinical Oncologist, Denmark

You will work as a full-time clinical oncologist in Denmark with excellent connections to the biggest Danish cities. You will work in a hospital, under the umbrella of a renowned university hospital, that provides high-quality care and excellent working conditions and professional training opportunities. You will receive thorough onboarding and help with your language learning and integration to follow in the footsteps of several fellow international colleagues in the area.

You:

Specialised in Radiotherapy and preferably Medical Oncology or equivalent knowledge

Experience and/or interest in uro-oncology is an asset

Professionally committed and can cooperate with people from different backgrounds

Motivated to live and work abroad in a dedicated, multidisciplinary team

Proficient in spoken and written English

Experienced or interested in research and quality development in the long run

Motivated and willing to learn Danish

What can you expect:

Permanent contract regulated by the Danish collective agreement

€ 120 000 minimum yearly salary (including pension benefits)

37-hour working week

6 weeks paid holiday

A free Danish language course as part of your work

A free trip to Denmark prior to the language course, where you will have the opportunity to visit your future workplace and living area

Support in integration, authorisation and administrative processes, in finding kindergarten, school, flat, house

Relocation assistance and spouse employment assistance

And much more
