

## **Consultant Child and Adolescent Psychiatrist, Ireland**

Location: Donegal

Salary: €235'862 - €283'318 p/a

We are looking for Consultant Psychiatrists specialised in child and adolescent to work in Donegal South.

The post is based within a multidisciplinary team environment and focuses on assessment, diagnosis, treatment, and ongoing care for individuals under 18 years of age.

What is on offer:

Salary between €235,862 to €283,318 per year based on experience working 37 hours per week.

30 days of annual leave.

10 days of public holidays.

Up to 10 days of medical education leave.

Main Duties & Responsibilities:

Deliver specialist assessment, diagnostic formulation, and treatment of mental illnesses and/or mental disorders in children and adolescents, in line with the National Standardised Operating Procedure for CAMHS and subsequent national policies and guidelines.

Ensure duties are carried out in a timely manner to minimise delays for patients and service disruption.

Maintain accurate, detailed, and contemporaneous medical records of all clinical interactions.

Provide prompt notification to the Executive Clinical Director and the Mental Health Commission of any serious untoward incidents, in accordance with relevant regulations.

Work collaboratively within a multidisciplinary team to provide a high standard of care.

Eligibility Criteria:

Applicants must:

Register as specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland (we will give full support to understand the process and apply for it).

Specialist in Child and Adolescent Psychiatry.

Experience as a specialist in child and adolescent psychiatry (minimum 3 months).

Fluent English level

Willing to relocate to Ireland
