

Consultant Doctor Radiology to the southern part of Sweden as well as just north of Stockholm

Currently we are looking for consultants for Radiologist for both a large hospital as well as two midsized hospitals with an extensive training and execution task. You will be able to work within a well functional team in a modern setting and with excellent working conditions. We are primarily looking for skilled Radiologists to be in command of traditional Radiology, for example Ultrasound, CT or MR. An advantage would be if you are experienced in MR or have an additional sub specialization for example mammography. You should also be familiar with working in digitalized systems.

The clinics is looking for team members with excellent communication skills and the ambition to learn both the Swedish culture but also the language on fluent level. We as a company, will support you in all the practical details regarding relocation for you and your family, administration of your licenses, finding housing and coordinating language courses. As a doctor in Sweden, you will enjoy the possibility of combining a rich spare time with clinical and professional development – and enjoy good material standards.

We are looking forward to your unconditional application and you'll of course be anonymous until you agree on otherwise!
