

Consultant within Gynecology/obstetrics to a midsize hospital just south of Stockholm

Our partner is one of the leading companies within recruitment of qualified, medical specialist within a range of disciplines. We are working with positions from specialists to senior consultants and leading manager positions. Currently we are looking for consultants for a medium sized hospital with an extensive training and execution task. You will be able to work within a well functional team in a modern setting and with excellent working conditions. We are primarily looking for skilled obstetricians but would welcome broader competences where skills within gynecological, benign surgery also is available.

The clinic is looking for a team member with excellent communication skills and the ambition to learn both the Swedish culture but also the language on fluent level. We as a company, will support you in all the practical details regarding relocation for you and your family, administration of your licenses, finding housing and coordinating language courses. As a doctor in Sweden, you will enjoy the possibility of combining a rich spare time with clinical and professional development – and enjoy good material standards.

We are looking forward to your unconditional application and you'll of course be anonymous until you agree on otherwise!
