

## **Endocrinologist, Norway**

On behalf of a hospital in Trøndelag we are looking for a skilled endocrinologist for a permanent senior position.

Trøndelag in central Norway is known for urban highlights, historical sights, and coastal life mixed with world-class food experiences. The area is perfect for activities like hiking, skiing, cycling, and fishing. You can read more about Trøndelag [here](#).

The hospital has functions in most fields, including emergency departments, maternity wards, medical and surgical clinics as well as psychiatry. Central location close to public transportation, boat and airport.

### ***Qualifications:***

Specialisation in endocrinology

Medical license and specialist approval from an EU country

Professionally updated

Good communication skills in English, and motivated to learn Norwegian

### ***Personal characteristics:***

You can handle a broad variety of patients and have respect for the individual patient and their needs

You are independent but work well in teams

You contribute to a good working environment

You thrive on new challenges and work well with stressful situations

You have a genuine interest to work and live in Norway

### ***We can offer:***

A department with a lot of specialist expertise, teamwork and committed employees

Facilitation for professional development

Good salary conditions

Favourable pension and welfare schemes

Online language course with a private tutor, free of charge

Help to obtain Norwegian authorisation

Assistance with relocation for you and your family
