

# Mammography Radiologist to South Sweden

The public health care of Sweden offers a position for a radiologist with experience and interest in mammography at a public hospital in the south of the country.

The hospital is a modern county hospital and it's the main hospital in County. The hospital has 22 clinics and 3300 employees. The hospital is a fully equipped emergency and teaching hospital. There are many opportunities for further training and education and participation in research projects. There are approximately 25 employees in the Mammography Department and there is a very advanced digital and ultrasound system. The mammographist is cooperating closely with the surgeon, oncologist and pathologist.

## *Requirements:*

- Specialist title in Radiology with experience in mammography
- Availability to complete the Swedish intensive course

## *Our Offer:*

- Permanent contract after successful Swedish language exam
- Salary starting from 4700 € gross per month. Duties, if there will be, will be paid apart
