

Neurologist to Denmark

Public hospitals are looking for neurologists in Denmark.

The clinics work with classical neurology, stroke incl. thrombolysis treatment and rehabilitation. The work is done at the acute-patient clinic, at the day hospital and at the neurological day clinic / TCI.

The clinics handle the treatment of acute stroke patients with thrombolysis and also handle the treatment and diagnosis of patients with the classical neurological diseases such as multiple sclerosis, movement disorders, epilepsy, neuromuscular disease, ALS, dementia, etc.

Patient and caregiver involvement and interdisciplinary cooperation are given high priority in Denmark.

You must be a specialist in neurology with a wide neurological training, preferably with interest and experience in one or more neurological sub-areas.

We offer:

Permanent contract after three-months of trial period

Attractive salary. Duties, if there will be, will be paid apart

Training courses within working hours

Help to find: Apartment, school and kindergarten

Invitation to study tour to Denmark after a first interview, to learn more about the region and the work environment

Assistance with removal and relocation costs

Intensive Danish course, also for the family

Remuneration during the Danish course of €700 monthly net, a supplement for children of €70 monthly net, free apartment and travel costs for the family

Requirements:

Specialist title in neurology recognised in the EU

Availability to complete the Danish course (B2 Level)
