

## **Nursing home nurse, Brussels, Belgium**

We are currently looking for a nurse with an A1 or A2 diploma to work in a nursing home in the Brussels region, available for 38 hours per week.

### ***What are you going to do?***

As a nurse, you will perform various tasks, sometimes under the instruction of a doctor and sometimes on your own initiative. You will monitor the health status of patients, identify changes or crisis situations, prepare medication, check and administer it, and monitor its effectiveness. Additionally, you will provide support to patients during difficult times and explain information to patients, visitors, and local care providers. You will assist patients with personal hygiene and care, and ensure their comfort and nutritional needs are met. You will create care plans, share information during team meetings, and collaborate with other healthcare professionals such as physiotherapists, occupational therapists, and dieticians. Finally, you will inform the attending physician about the health status of patients and consult with them regarding indicated therapy.

### ***This is you:***

You have completed a nursing education program A1 (bachelor's degree) or A2 (HBO5 degree)  
You have an affinity for elderly care  
You are socially skilled  
You are willing to work irregular shifts; morning and evening shifts and weekend shifts  
You are practical and grounded  
You have a positive attitude, able to identify issues and think of solutions

### ***Our offer:***

Working in a trusted, value-based, quality and growth-oriented organisation  
A good salary linked to the IFIC salary scale (between € 3,168 and € 4,932 gross per month)  
For recent graduates, we offer the opportunity to start at a salary scale for three years  
Full-time employment of 38 hours per week  
Good work-life balance  
Collaborating with friendly, open-minded colleagues
