

## **Ophthalmologist to Denmark**

We offer an interesting position for a specialist in ophthalmology in the public healthcare, in a municipal hospital in Denmark.

The hospital is modern, well-equipped with a good working environment and opportunities for further professional development. You will work in a multidisciplinary team, there is a possibility of teaching young doctors and residents.

At the ophthalmology department, there are treated and monitored patients with all sort of ophthalmological conditions such as cataract, glaucoma, diabetes, eye irritation, heavy eyelids, changes in retina and in eye lock. Glaucoma and retinal diseases are treated with laser. Patients with acute injuries are attended as well.

The hospital offer permanent contract. Before starting the employment you and your family will participate in a free intensive language course to learn Danish language.

### **We offer:**

Permanent contract after six-month trial period

Attractive salary. Duties must be expected and they will be paid apart

Training courses within working hours

Assisting with finding an apartment, school and kindergarten, etc.

Fully organised initial visit to Denmark after a first interview and before a final decision

Assistance with removal and relocation costs

Intensive Danish course, also for the family

Remuneration during the Danish course of 700€ monthly net, a supplement for children of 70€ monthly net, free apartment and travel costs for the family.

All the services of MediCarrera are free of charge for the candidates.

### **Requirements:**

Specialist title in ophthalmology recognised in the EU

Availability to complete the Danish intensive course (B2 Level)

Interest in living and working in Denmark

Surgical skills are not obligatory, but this is an advantage
