**Paediatric Emergency Medicine Consultant, Ireland**

*Location:* Dublin
*Salary:* €238’221 - €286’151 per annum

The Consultant will play a key role in:
Clinical leadership within the Paediatric Emergency Medicine (PEM) service
Delivering care across Emergency Departments, Emergency Care Units, and Urgent Care Centres within CHI
Participating in consultant rotas, including evening, weekend, and on-call commitments
Supporting service development, quality improvement, and clinical governance
Providing expert assessment, stabilisation, and management of the full spectrum of paediatric emergencies
Contributing to short-stay observation pathways to reduce admissions and improve patient flow
Participating in Major Trauma services and national paediatric emergency care delivery
Leading and mentoring NCHDs, ANPs, and multidisciplinary colleagues
Involvement in teaching, audit, research, and ongoing service transformation

*Working Environment:*
CHI operates as a single, integrated national service across:
CHI at Crumlin
CHI at Temple Street
CHI at Tallaght
Urgent Care Centre at Connolly Hospital
The service delivers care to 300,000+ children annually across 30+ specialties
A new world-class children’s hospital (opening 2027)
The future model includes a digitally enabled hospital with integrated care systems and single-room facilities
Consultants will have the opportunity to work in a modern, evolving service at the forefront of paediatric healthcare transformation in Ireland.

*Salary & Benefits:*
€238K+ – €286K+ Consultant salary scale (2026 HSE Public Only Consultant Contract)
30 days annual leave + 10 public holidays
Dedicated Continuous Medical Education (CME) leave
Support for research and professional development
Full guidance through the Irish Medical Council Specialist Registration process

*Living and Working in Dublin:*
Work in Ireland's capital and leading paediatric healthcare hub
Access to world-class education, research, and clinical networks
Vibrant city lifestyle with excellent culture, dining, and amenities
International connectivity via Dublin Airport

*Eligibility:*
Suitable applicants may hold:
UK CCT in Paediatrics with 2+ years' experience in Paediatric Emergency Medicine
EU Specialist qualification recognised under EU Directive
American Board certification in Paediatric Emergency Medicine
Canadian Fellowship
Australian or New Zealand Fellowship

*Additionally:*
Must be eligible for Specialist Registration with the Irish Medical Council
3 years postgraduate experience in paediatric/emergency specialties, including at least 2 years in Paediatric Emergency Medicine
