

Paediatrician to Sweden

We are looking for paediatricians with various profiles for public hospitals in different regions in Sweden.

Most of the vacancies are for paediatricians with subspecialisation or very good experience in neonatology. At the neonatology department they usually treat newborns from the 23rd and 27th week. They also treat children with respiratory problems.

There are also positions for specialists in paediatrics with experience in gastroenterology, preferably with skills in endoscopy (gastro – and colonoscopy) to work in both the outpatient and inpatient department.

The hospitals offer permanent contracts. Before starting the employment you and your family will benefit from a free intensive language course to learn Swedish.

We offer:

Permanent contract after obtaining the Swedish License to practice as a specialist doctor

Attractive salary. Duties, if there will be, will be paid apart

Training courses within working hours

Help to find: Apartment, school and kindergarten

Invitation to study tour to Sweden after a first interview, to learn more about the region and the work environment

Assistance with removal and relocation costs

Intensive Swedish course, also for the family

Remuneration during the Swedish language course of €700 monthly net, a supplement for children of a €70 monthly net, free apartment and travel costs for the family

Requirements:

Specialist title in paediatrics recognised in the EU

Professional experience and interest in any of the fields mentioned above

Experience in both outpatient and inpatient care

Availability to complete the Swedish intensive course

To Apply:

Please send your CV mentioning reference SW-22 at info@phd-jobs.net
