

## **Pathologist to Denmark**

A vacancy as a staff specialist in pathology with experience in cytology is now open in a public hospital in Denmark.

The position is for a pathologist focusing on the study of cells. The hospital has 3,000 employees covering an area of 250,000 inhabitants.

The Laboratory Center is one of 11 departments and consists of five clinics: Pathology, chemical pathology, microbiology, immunology and pharmacy.

### **About the job:**

Examination of cytology samples in microscopes for diagnostic determination

The test material originated from hospitalized and outpatient hospital patients, as well as from patients in general practice and specialist practice within the region

Autopsies and screenings are made

### **We offer:**

Permanent contract after trial period of 3-6 month

Attractive salary

Training courses within working hours

Help to find: Apartment/house, school and kindergarten

Invitation to study tour to Denmark after a first online interview, to learn more about the region and the work environment

Assistance with removal and relocation costs

Intensive Danish course, also for the partner and children

Remuneration during the Danish language course of €700 monthly net, a supplement for children of €70 monthly net, free apartment and travel costs for the family

### **Requirements:**

Specialist title in Pathology and great experience within the cytology field

Ability to get a Good Standing from your home country

Availability to complete a Danish intensive course outside your home country with duration of 19 weeks before moving to Denmark
