

Pathologist, Sweden

2 Pathologists to one of the most popular regions in Sweden

About you and about the job

Reporting, grossing, autopsies, conferences with clinical colleagues (multidisciplinary conferences)

Case discussing with colleagues on and outside the site

Digital pathology emerging

Quality improvement work in teams

Cooperation with lab technicians, administrative personel, IT-technicians

Requirements for competence and experience

Now we are looking for 1-2 specialist doctors in pathology. It is important that you have experience of independent reporting.

About the offer

Work hours: 8-16.45 with 45 minutes lunch break

Permanent employment

Salary for freshly specialized doctor approx. SEK 75,000.

With 5 years of experience approx. SEK 85,000.

Supplement on top for PhD SEK 4,000, docent SEK 7,000.

About the selection process:

Step 1 - Review of the candidates based on the enclosed cover letters, CV, etc. to ensure that the candidates meet the above requirements.

Step 2 - After the evaluation process above, the schedule attached by the tenderer is considered when the candidates can start a possible position in the Region.

Step 3 - The Region then reserves the right to conduct 1-2 interviews via Teams with the candidates we consider most suitable for the job-description and possibly a personal meeting at the relevant clinic (paid for by the relevant clinic). During the interviews, questions concerning, among other things, experience and personal suitability will be assessed by the Region.
