

Interventional Radiologist, Belgium

Responsibilities:

A private clinic in Brussels, Belgium is looking for radiologists.
Several positions are available: interventional radiologist specialised in the aorta; interventional radiologist specialised in thrombosis (brain).

Remuneration & benefits:

Minimum monthly salary of 6'000€ net (fixed salary + shifts).

Requirements & expectations:

Be a citizen of the European Union (or a national of a country with which Belgium has an exchange agreement for workers).

Have a degree in general medicine and radiology from a university in the European Union (unfortunately we cannot consider applications from medical interns).

Speak French at a level that allows at least good communication with patients (B2 level). No language diploma is required, but an interview is mandatory.

Not to have been subject to serious criminal or professional sanctions

Be motivated to come and settle permanently in Belgium and to practice his/her profession with professional conscience, while respecting the Code of Ethics of the Order of Physicians
