For smaller and bigger hospitals around Sweden. We have several openings in various fields.

Radiology: With Musculoskeletal Specialisation

For a large University hospital just outside of Stockholm we are looking for a Radiologist with specialisation within MSK. There's lots of possibilities for research as well as clinical work.

General requirements for all positions within Radiology:

To use modern equipment and standard modalities like CT, US, MRI and also PET-scan is requested.

Requirements:

MD/Specialist's qualification obtained within the EU

Min. 2-3 years of relevant experience

Sweden provides one of the best living standards in the world. Residents enjoy free education, subsidised health care, an extensive and smooth-running public transport system and access to the magnificent unspoilt countryside.

Staff members at the region are offered competitive salaries and benefits as 5-6 weeks of annual vacation, flexible working hours and extensive possibilities to parental leave. As an employee at the region you are also eligible for an attractive occupational pension scheme - on top of the Swedish national retirement pension.
