Rehabilitation Consultant, Ireland

Location: Dublin
Salary: €238211 - €286151 p/a

We are seeking a number of Rehabilitation Consultants to join a multidisciplinary rehabilitation team in Dublin. The successful candidate will assess, diagnose, and manage patients with neurological, musculoskeletal, spinal, and complex rehabilitation needs, supporting recovery, function, and independence.

Key Responsibilities:
Provide specialist rehabilitation medicine assessments and treatment plans.
Manage patients with stroke, acquired brain injury, spinal cord injury, chronic pain, and musculoskeletal conditions.
Lead multidisciplinary team meetings and coordinate patient care.
Perform procedures such as spasticity management and injection therapies where appropriate.
Support discharge planning, community rehabilitation, and return-to-work programs.
Participate in clinical governance, teaching, and service development.

Requirements:
Medical degree and full registration (or eligibility) with the Irish Medical Council (IMC).
Specialist registration in Rehabilitation Medicine, Physical Medicine & Rehabilitation, or equivalent.
Strong experience in rehabilitation medicine and multidisciplinary care.
Excellent communication, leadership, and teamwork skills.

What We Offer:
The current Consultant salary ranges from €238,221 to €286,151 for a 37-hour week. The package also includes €12,000 annual CPD funding, €8,000 innovation funding, generous annual and study leave, and a public pension scheme.
