

Specialist Clinical Oncology, Denmark

Position at a department within an hour from Copenhagen, working under the umbrella of a university hospital. Primarily looking for colleagues focused on uro-oncology, but could be open to reviewing other experienced and skilled applicants. The position includes a language course in Denmark after relocation.

You will work as a full-time clinical oncologist in Denmark with excellent connections to the biggest Danish cities. You will be part of a hospital that provides high-quality care and excellent working conditions and professional training opportunities. You will receive thorough onboarding and help with your language learning and integration to follow in the footsteps of several fellow international colleagues in the area.

What can you expect?

Permanent contract regulated by the Danish collective agreement

€ 118'000 minimum yearly salary (including pension benefits)

37-hour working week

6 weeks paid holiday

A free Danish language course as part of your work

A free trip to Denmark prior to the language course, where you will have the opportunity to visit your future workplace and living area

Support in integration, authorisation and administrative processes, in finding kindergarten, school, flat, house

Relocation assistance and spouse employment assistance

And much more

You:

Specialised in Clinical Oncology

Experienced and/or interested in uro-oncological radiotherapy

Professionally committed and can cooperate with people from different backgrounds

Motivated to live and work abroad in a dedicated, multidisciplinary team

Proficient in spoken and written English

Experienced or interested in research and quality development in the long run

Motivated and willing to learn Danish
