

Specialist Internal Medicine Stroke/Neurology, Sweden

We are looking for:

We are looking for a specialist in Internal medicine with focus on **stroke** for a county hospital in central Sweden

About the department and the work:

You will work at the stroke department where you will work with stroke patients and general internal medicine patients. The department has approximately 22-24 beds. The working hours are 8 – 17 Monday – Friday. No duties in the first three years. The catchment area is approximately 100,000. At the stroke department there are 2 senior doctors, 2 doctors (resident doctors or doctors in training)

Requirement:

You need to be a specialist in internal medicine with a few years of experience as a specialist. You need to have had your focus on stroke or neurology. It is a great advantage that you can speak English or German, since you are expected to communicate with your prospective colleagues and managers at the interviews in Sweden.

Expectations:

You will get all the help and assistance needed for a smooth move to the new city in Sweden, but you will need to spend some energy as well. You must also learn Swedish, something we can help you with.

To apply: please send your CV (and any other files) mentioning reference code LR-16 at info@phd-jobs.net Web: <http://www.phd-jobs.net>
