

Specialist in Urology & Resident in Urology to Norway

We are looking for the specialist doctors in urology, who wish to work in all over Norway. Applicants must be able to communicate and cooperate well with both patients and the staff. Teamwork, collegiality and honesty are important to us.

The urological activity involves both outpatient and non-clinical surgery on a day-to-day basis.

By putting the patient into the focus and developing good interaction with the environment, our clients will ensure safe and future-oriented hospital services based on quality, safety and respect.

Qualifications and characteristics:

- Norwegian authorization as a specialist doctor (we will help you get it)
- Good communication skills
- Good language skills in written and oral Norwegian (we will help you learn it)
- Good teamwork skills
- Flexible and independent

Why choose our customer:

- Experienced and skilled colleagues in a dynamic and good academic and working environment
- You will work independently and cooperate well with other departments
- Scenic surroundings, with great opportunities for using nature for outdoor activities
- Exciting and challenging work tasks to grow on professionally
